CALIFORNIA LEGISLATURE—2003–04 REGULAR SESSION

**ASSEMBLY BILL**

**No. 390**

**Introduced by Assembly Member Montanez**

February 14, 2003

An act to add and repeal Section 41514.1 of the Health and Safety Code, relating to air resources.

LEGISLATIVE COUNSEL'S DIGEST

AB 390, as amended, Montanez. ~~Hospitals~~ *Health facilities*: backup generators.

~~Existing~~

(1) *Existing* law designates air pollution control districts and air quality management districts as having the primary responsibility for the control of air pollution from all sources other than vehicular sources and, subject to the powers and duties of the State Air Resources Board, requires that districts adopt and enforce rules and regulations to achieve and maintain the state and federal ambient air quality standards in all areas affected by emission sources under their jurisdiction. Existing law authorizes each district to establish a permit system that requires, except as specified, that before any person builds, erects, alters, replaces, operates, or uses any article, machine, equipment, or other contrivance that may cause the issuance of air contaminants, the person obtain a permit from the air pollution control officer of the district.

Under existing law, the State Department of Health Services regulates health facilities, ~~including general acute care hospitals.~~

This bill would require a ~~general acute care hospital~~ *health facility* to test its diesel powered backup generator as prescribed, and would require a diesel *backup* generator to be started once per week when it is not being tested. This bill would require a ~~general acute care hospital~~ *health facility* to submit this data to the department upon the department's request.

This bill would repeal those provisions as of January 1, 2009.

Because violation of the requirements of this bill would be a crime under provisions of existing law, this bill would impose a state-mandated local program by changing the definition of a crime.

~~The~~

(2) *The* California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

*The people of the State of California do enact as follows:*

1 SECTION 1. Section 41514.1 is added to the Health and  
2 Safety Code, to read:

3 ~~(a) A general acute care hospital, as defined in subdivision (a)~~  
4 ~~of~~

5 (a) *A health facility, as defined in* Section 1250, shall use the  
6 most recent standard set by the Joint Commission on the  
7 Accreditation of Healthcare Organizations for testing ~~hospital~~  
8 ~~diesel~~ *diesel backup* generators. During each week that a diesel  
9 backup generator is not tested, the generator shall be started at least  
10 once, with or without load, for a period of time that allows the  
11 coolant temperature to stabilize.

12 (b) A ~~general acute care hospital~~ *health facility* shall submit all  
13 data collected under this section to the State Department of Health  
14 Services when requested by the department.

1 (c) This section shall remain in effect only until January 1,  
2 2009, and as of that date is repealed, unless a later enacted statute,  
3 that is enacted before January 1, 2009, deletes or extends that date.

4 SEC. 2. No reimbursement is required by this act pursuant to  
5 Section 6 of Article XIII B of the California Constitution because  
6 the only costs that may be incurred by a local agency or school  
7 district will be incurred because this act creates a new crime or  
8 infraction, eliminates a crime or infraction, or changes the penalty  
9 for a crime or infraction, within the meaning of Section 17556 of  
10 the Government Code, or changes the definition of a crime within  
11 the meaning of Section 6 of Article XIII B of the California  
12 Constitution.
